  @PenFinancial

When it comes to your finances, every situation is different. Whether you are just starting out, looking to purchase your first home, are looking to eliminate debt or are approaching retirement, your goals and aspirations are going to be specific to you. It is my responsibility to give

you peace of mind and create an appropriate strategy that will get you to where you want to be financially. At the end of day, member service is something that I believe is critical in the Member-Advisor relationship.

After attending Northeastern University in Boston, I returned to Niagara to begin my career in financial services. I've been fortunate enough to put my 'service-first' approach into action for over ten years in my role as a Financial Advisor. Helping members through a variety of stages and

situations is something that I take great pride in and has provided me the experience needed to support our members.

Outside of the office, I have been involved for several years with community theatre as a set designer and builder which gives me the opportunity to use my creativity and design talents.

Feel free to connect with me anytime and I'd be happy to sit down with you to map out your financial journey
